Game Changers 2017

Bowditch & Dewey is pleased to sponsor the Worcester Regional Chamber of Commerce's second annual Game Changers business conference and expo.

The annual business conference focuses on economic development and the transformation of Worcester. This year's theme is the innovation economy and Worcester as a start-up community. Worcester was recently named one of the top ten emerging start-up hubs in the country by TechNet and the Progressive Policy Institute. And, with more than a dozen co-working, incubator, peer support groups, and world class colleges and universities, we're not surprised.

We are pleased to support Game Changers with our involvement in the following sessions:

- The ABCs of VC: Investing in Central Mass – [George Tetler](#) (moderator)
- Competition or Career Building: The Massachusetts Non-Compete Law and the Barrier to the Start-Up Community – [Bob Young](#) (moderator)
- The Start-up Ecosystem: Worcester UX (User Experience) – [AiVi Nguyen](#) (moderator)

Program details:

Mechanics Hall, 321 Main Street, Worcester, MA
