George Tetler named to inaugural Lawdragon 500 Leading U.S. Bankruptcy & Restructuring Lawyers

AUGUST 24, 2020

George Tetler has been named to Lawdragon’s inaugural “500 Leading U.S. Bankruptcy & Restructuring Lawyers” list.

Lawdragon was founded by veteran legal journalists in 2005 and their annual 500 Leading Lawyers in America lists have been a hallmark since the beginning. Journalism is still a key part of their selection process for these lists stating, “[t]he core selection method for this editorial feature is a year-long, journalism-driven investigation into the legal developments that mattered most and the lawyers and judges behind those achievements.” These year-long investigations are coupled with peer nominations to help decide who is featured in their 500 Leading Lawyers in America lists.
