## Title IX Regulations Compliance Check-in: Title IX Implementation Challenges (Higher Education Roundtable)

The Title IX regulations became effective on August 1, 2024. In the days and weeks leading up to and following implementation, colleges across the country have updated their policies and procedures, notices of nondiscrimination, and conducted extensive training.

On August 22, 2024, we will hold the fourth of our monthly Compliance Check-ins, where we will review implementation challenges and opportunities that colleges are facing now that the 2024 regulations are in effect. With students returning to campus for the fall semester, how are things going? What challenges do you expect your campus to face this academic year under Title IX? How are you handling or preparing to handle the influx of cases under the new regulations and during the fall “Red Zone” period? How has your training of employees been deployed? Join us as we discuss these topics and many more.

Attorneys who will lead the discussion:
