Christopher Rock to Moderate “Funding New Construction & Capital Improvement Projects”

At Bisnow’s Boston Capital Markets Conference, [Christopher Rock](#) will moderate “Funding New Construction & Capital Improvement Projects.” During this conference, Boston’s leading deal makers will discuss the landscape of commercial real estate debt and equity markets, the role of interest rates on deal activity and how the industry is assessing the overall market.

Join “Funding New Construction & Capital Improvement Projects” to learn how developers are overcoming challenges in accessing debt and equity funding. Attendees will also hear about lenders prioritization of capital improvement projects with the slow down of new construction.
