Middle market businesses and nonprofits have a new set of management challenges in 2025: navigating federal policy shifts, state and local updates, and the potential legal and financial impact. The resources on this page address some of the top concerns for clients who are traversing a shifting business landscape. It will be updated with new information as it becomes available.

If you need assistance, please contact a member of the Governmental Transition Task Force. If you aren't sure who to contact or if you are dealing with something not listed here, please contact Peter Martin. If we are unable to assist, we will find a resource among the firm's professional network.
